Welcome State 4-H Club Winners In 16th Annual Round-up

PRESIDENT AND MRS. JOHN F. KENNEDY, our nation's first citizens.

With Vice President Richard M. Nixon, conceding defeat, at 12:45 p. m., EST, Wednesday, Nov. 9, John F. Kennedy this week became the first Catholic, the youngest man and the first son of the 20th century ever chosen by the American people to be their president. Shortly after this, President Eisenhower congratulated the 43 year old senator who will succeed him in the White House, Jan. 20.

At this time the Massachusetts senator had 31,434,890 votes to 31,036,455 for the Republican opponent.

In Mississippi, Mr. Kennedy seemed to have been the choice of Negro voters, as polls and mark elections in the schools and colleges, with few exceptions had named him their favorite candidate. In electoral votes, President-elect Kennedy had a decisive margin — 337 to 190 for sure and was leading Nixon 38 to 7 in four undecided states, however his popular vote total when Mr. Nixon conceded was only a little over 50 per cent of the two-party total.

In Mississippi, with 1702 of the state's 1828 precincts reporting the vote was: Unpledged, 105,673; Kennedy, 101,143; Nixon, 70,344.

Tougaloo And Jackson State To Present 'Carmen'

The Lyceum Associations of Tougaloo Southern Christian College and Jackson State College will join forces Monday, November 28, to present the National Opera Company in "Carmen." The National Opera Company is reputedly the most widely traveled opera company in America, and, consequently, has given more "on the road" performances than any other traveling company in the country.

Since 1952, the Company has performed for more colleges and universities than all of the traveling grand opera companies in the United States combined. As a result of an in-school training program in North Carolina, more children have attended its performances (around 600,000) since 1950 than have attended the performances given by all other opera companies combined since the first opera was given in Charleston, So. Carolina, on Feb. 18, 1735.

Out of the tremendous activity typified by the above record, opera, which during most of our history was and has been recognized as an extension of a European institution, is rapidly becoming an American institution, and "Opera in English for Everybody," a means of mass entertainment, providing musical careers for the young singing artists of our country.

Crowds Attending Opening Ceremonies For Exclusive Northwood Village, November 6

By Sarah M. Harvey

RIBBON Cutting Ceremonies on the grounds of Mississippi's first Exclusive Residential Area for Negro Citizens, Northwood Village, Sunday, November 6, drew a representative number of outstanding citizens.

Shown in the foreground is Mrs. Clarie Collins Harvey, prominent businesswoman who did the cutting of the ribbons. With her is Businessman W. J. Thompson of Thompson Investment Company, which firm, along with one of its subsidiaries, Credit Finance Com-

pany, has complete charge of developing this exclusive, section where the cost of building a home will be restricted to \$18,000 upward.

Conveniently located on Highway 51, between Jackson and Tougaloo, Northwood Village represents a dream of

Jacksonians and Mississippians to develop a community where the individual owner can build his "dream house;" where there will be ample space for beautiful lawns and where both children and adults will be protected from the "hustle" (Continued on Page 2)
